

MUKESH KUMAR

WEB DEVELOPER

OVERVIEW

Aspiring web developer with a strong foundation in key programming languages and technologies,including HTML, CSS, JavaScript, React.js, PHP, Laravel, Java, SQL, and MySQL. Passionate about learning and embracing challenges. I have completed several projects [or gained experience through internships, freelance work] that demonstrate my ability to design and develop responsive and user-friendly websites and applications. Driven by a strong work ethic and a desire to make a meaningful impact in the field of web development. I am excited to embark on my journey and contribute positively to dynamic and innovative projects.
